

## WBS Training

### Activity:

Qualified professionals and cross-border cooperation are the two factors on which economic growth, innovation and competitiveness depend today. Qualification is correspondingly important in order to be able to confidently act in international projects as well. WBS TRAINING is your partner for vocational training, management training, language courses and dual training systems - worldwide.

#### Further description of activities

WBS LearnSpace 3D® Building - the virtual training centre

The WBS GRUPPE offers online and live seminars - in the WBS LearnSpace 3D®. This is one of over 300 buildings where different courses take place. They started in 2016 with transferring their education into the 3D world. Momentarily the company educates more than 7,000 students from 21 countries simultaneously in over 250 different topics.

WBS LearnSpace 3D® - meeting room

In every building there are several multifunctional rooms for meetings, workshops, barcamps, conferences and other purposes. The media walls have different functions like whiteboard, presentations, videos, desktop sharing, video live transmission and so on.

For WBS Gruppe their Customers are their partners. WBS sees and promotes the potential in every human being and gives them strength for development and renewal. Therefore, it is necessary that the firm creates individual education and training opportunities to foster change processes that lead to sustainable results.

WBS' corporate culture mirrors their educational concept. Their striving for sustainability, social commitment and participation oriented business ethics drives them.
